VERY IMPORTANT INFORMATION ABOUT E-MAILS

RIA uses group/class emails to regularly communicate with RIA families about important information and updates, emergency class cancellations/changes, etc. Please list the E-mail address that you would like RIA to use to communicate with your family. Please feel free to list more than one E-mail address especially if you use a different one during the week than on the weekend. It is your responsibility to check your E-mails for the latest information about classes, especially during inclement weather and to also let RIA know if your email has changed during the semester. If you are not receiving E-mails from us, please e-mail RIANEWS@comcast.net and let us know. Please add RIANEWS@comcast.net to your address book so it will not be blocked (AOL users: RIA group email is blocked by AOL unless you add us.) Please list your E-mail(s) below. (Print clearly)
